

## 1,000 Votes Cast In Township; Incumbents Returned to Office

### REGAN AND MASTNE ARE ONLY DEMOCRATIC CANDIDATES ELECTED

Nelson Gives Richards, Veteran Clerk Candidate, Close Run

SIMONS POLLS LARGEST VOTE WITH 820 VOTES

A large vote was cast at Antioch's township election Tuesday, the total votes in the three precincts nearly equaling the vote cast last fall for the three candidates for United States President. More than 1,000 votes were cast Tuesday while in last fall's election, a total of 1,342 votes were cast for president.

Candidates running for re-election were returned to office in every case and James Webb and Frank Mastne, elected to the two offices of constable, are the only officials elected who will serve their first term.

Lester Nelson, running against veteran Charles F. Richards, clerk for more than twelve years, ran only 122 votes behind his opponent. Another close race was run between Samuel Tarbell, William Regan and Carl Anderson for the two offices of peace officers. Tarbell and Regan were elected, Tarbell with a plurality of 51 votes above Anderson's total, and 53 votes above Regan's total. Anderson and Regan were both candidates on the Democrats' ticket.

Webb took a large lead over the other four candidates for the two constable offices, taking a lead of 225 votes over Mastne the candidate next in line who was also elected. Caple, polled a total of 367 votes. Chinn, and McNulty polled from 237 to 232 votes each. The latest result was polled by Ernest L. Simmons, candidate for assessor, like-minded, a veteran office holder. A total of 820 votes were cast in the three precincts for Simmons. The complete returns by precincts are given below:

Candidate	1	2	3	Total
For Clerk				
Chas. F. Richards	220	317	23	560

## Price of 20 Cents a Stein Set for Lake County Beer

Distributors' Association Decides that Lower Price Will Bring No Profit

The long awaited golden flood of legal beer due to be loosed in the nation on Friday has turned to dross in Illinois and the ambitious men who rushed into the beer distribution business at first sign of legalized brew are today talking about bottled beer delivered to the home bearing a price tag of near \$3 a case while the foaming steins dispensed at restaurants or taverns will cost probably 20 cents, 25 per cent higher than the established bootleg prices.

Thirty-five members of the Lake County Beer Distributors Association met at the Waukegan Hotel last Friday night and heard Attorney William A. Deane, a former beer merchant, explain the costs they will face when beer is legalized.

Cost Per Case Higher  
Indications are that a case of 24 bottles containing 12 fluid ounces of 3.2 beer, will cost the purchaser from \$2.60 to \$2.80 and some brands may cost slightly more. In addition the purchaser will have to pay the state sales tax of 8 or 9 cents, making the beer cost about 12 1/2 cents a bottle in the home.

Thus the scale of prices will be about 25 per cent higher than the present speakeasy prices, and the organized beer distributors fear that "wild cat" beer will retain its present popularity as far as the wage earner is concerned, and they maintain, it was to the wage earner they had anticipated making the great bulk of their sales.

The local beer business is also threatened with the Kenosha competition, as the Wisconsin tax on beer is much lighter than Illinois and indications are that over the state line the price per stein will be ten cents.

At the meeting Friday night the distributors voted to retain Attorney Deane as counsel for the association.

Members of the Lake County Beer Distributors Association at a meeting held Monday at the Waukegan hotel, made up a definite price list to be charged for the local 3.2 beer when it is released in Illinois on Friday.

The prices as decided upon make it certain that unless the state legislature blocks the beer tax plans of Gov. Henry Iprner, beer will retail in Waukegan at 20 cents on a glass.

Music Festival Called off Because of Epidemics

The conference music festival in which Grade Schools from Antioch, Grayslake, Allendale, Lake Villa, Fox Lake and Gurnee were to participate May 21, was called off last night according to Ralph Clabaugh, principal of Antioch Grade School, because of the epidemics of scarlet fever which have appeared at several of the schools. The conference was originally to have been held at Grayslake but because of the epidemic there, it was decided to change the place. Mr. Clabaugh states that the festival may be given next fall.

Moose Re-elect Officers of Past Year Monday

The Loyal Order of Moose at their meeting Monday night re-elected their officers of the past year, again making Otto Merk, dictator. Other officers who will serve another term are Paul Ferris, vice director; Henry Zimmerman, prelate; Paul Besch, Secretary; S. E. Tarbell, treasurer; Sidney Kaiser, trustee. Robert Alt and William Regan are trustees and whose terms did not expire this year. The three holding appointive offices were re-appointed as follows: Henry Reimko as sergeant at arms; John Eder, as inner guard; and Lawrence Rimer as outer guard.

G. Walker 484, and Frank Smith 457, Newport Township  
There was no contest for the county board in Newport township, and the results were as follows:  
Town clerk: Arthur Kelly 244.  
For assessor: Otto Marx, 156.  
For town collector: Robert Lutz 204, and Frank Edwards 79.

For justice of the peace (two to be elected): N. J. Brown 205, and E. M. Ames 185.  
For constable (two to be elected): George E. Doyle 205, and Herman Stelzer 186.  
For school trustees: William M. Welch 220.

## C. S. Clark Denounces Cheap Foreign Goods

Blames Imports for Unemployment Situation in Talk Monday

C. S. Clark, national executive secretary of the Made in America Club, in a speech Monday night at the High School before the Business Men and the Woman's Club emphatically denounced the replacement of American goods with cheaper imported products stating that cheap imports are flooding the market while American labor is out of work.

Mr. Clark, whose talk was sponsored by the Chamber of Commerce, was introduced by G. A. Whitmore, retiring president of the Chamber. In the course of his remarks he commented on the business district of Antioch stating that in a riding through he noticed that Antioch business merchants have effective window displays, but deplored the ineffective lighting which destroys the effect of the displays at night.

Swanson Advocates More Lights  
Fred B. Swanson, president of the Chamber of Commerce, early this week, endorsed Mr. Clark's remarks saying that he had long advocated that merchants have brighter windows at night. A few flood lights in the windows along Main Street, Mr. Swanson said, would considerably improve the town.

The following remarks regarding imported goods were made by Mr. Clark who supported his statements with statistics and specific information:

Cheap foreign labor, partly possible through deflation of currency of other countries, is flooding the American market with many articles which is impossible for American manufacturers to duplicate at prices charged for the foreign made products, Mr. Clark said.

More than half of the products coming into the United States including electric light bulbs, matches, chinaware, leather, watches, toys, canned goods shoes rubber footwear steel and cement are benefitting from the advantage of depreciated currencies. Every dollar spent for these imports is a dollar diverted from American industry and American labor.

"The Made in America Club," Mr. Clark explained, "is incorporated not for profit but to encourage the purchase by Americans of products fabricated only from material made or grown in America and in the production of which American labor has been employed. It is the only national organization sponsored by manufacturers."

The same is true of certain foreign products of value which we import that contribute to our well being, convenience and industrial progress. These products cannot and should not be produced. We have no desire to destroy the export business of European countries.

60 Per Cent on Free List  
There are however hundreds of products that we now import for which we can and should substitute American made goods. Approximately 66 per cent of all imports are on the free list.

Importation of 370,000 tons of steel in 1931 caused the loss of a week's work to 237,000 men in the steel industry and to 37,000 miners with a loss of wages and revenue to the railroads for transporting 550,000 cars of raw materials, he asserted.

Rubber Boots for \$1.15  
Czechoslovakia lays down rubber boots in America for \$1.15 per pair. They cannot be duplicated by American manufacturers for less than \$1.43. (Continued on Page 5)

## VILLAGE ENTRANTS START CAMPAIGNS

All Offices Contested; Four Seek Magistrate Post

With the township election over, candidates for village offices began active campaigning Wednesday in many cases, although one candidate announced today that he will do no campaigning until beer is back. With all offices being contested, as much as was shown in the township election, interest is expected in the village election.

Nineteen candidates have filed for place on the ballot to be marked April 18. The office of police magistrate, with four after it, promises to be the center of the election's most spirited contest. The incumbent, J. C. James, George E. Phillips, on the Jeffersonian ticket, and two independents, John Paehl and Thomas Burnette, have entered the race for this office.

The contest also promises to be interesting with George Bartlett, incumbent, who has served two terms on the board, opposed by Barney Naher, veteran office holder who was town supervisor several years ago.

Other candidates filed are: Trustees: J. B. Drom, Charles Lutz, James Stearns, Frank Hardin, Frank Hunt, John Horan; treasurer: Laurel Powles and Frank Fisher; library trustees: R. D. Williams, G. A. Whitmore, Mrs. Lotus Somerville, and Mrs. Marion Willie Rigby.

Board Adjourns Pending Action of Legislature Regulating Beer Sale

Two Applications for Licenses to Sell Beverages Filed with Clerk

Because no action can be taken by village officials for the regulation of the sale of beer until definite action has been taken by the state, the meeting of the board of trustees Tuesday night was recessed until some time next week when legislation has been enacted at Springfield.

Applications for licenses to sell beer were read at the meeting and placed on file until definite action has been taken by the board. In case this action is not taken before April 7, beer may be sold without restriction until laws have been passed according to Mayor George Bartlett.

Petitions Read  
Petitions signed by J. B. Field and James Stevens of Hiram Ball and were read at a meeting. Stevens and Bailey petitioned to open an establishment in the Morley building which they have leased beginning April 20. A petition was secured by John Paehl according to Clerk Roy Murrie, but Mr. Paehl's petition had not been returned.

Other highlights of the meeting were the discussion of passing an ordinance placing Antioch on a daylight saving time schedule and of removing the remains of the Cupboard on Main Street and the hearing of William Teichert who appeared before the board asking that his neighbors be compelled to continue the sidewalk beyond his own property on North Ave.

Legion Proposes Daylight Time  
Concerning the daylight saving schedule which was brought before the board in a resolution recommending the measure which was adopted by the American Legion Post, No. 748, members recalled that when a referendum was taken on the matter about five years ago, it was defeated by the voters. The year before that an ordinance was passed putting Antioch on a daylight saving time schedule, and it was recalled that at that time it did not meet with general approval. Clerk Murrie was instructed to refer back in the records and be ready with information at the recessed meeting. No action was taken that night.

Letters from Dr. W. W. Warriner and Bert Ray were read asking that the remains of the Cupboard be torn down, both letters maintaining that the building is an eyesore. The Building Inspector was authorized by the board to enforce the removal of the building as early as the insurance settlement had been made.

William Teichert appeared stating that he was compelled by the board several years ago to put in a sidewalk at his property on North Ave. and that his adjoining neighbors have not continued the sidewalk past their property. The board promised to take whatever action is within its authority.

The entire board was present for the meeting, it being the first meeting since December that Trustee Herbert J. Vos has been able to attend.

## Gordon Stewart Buried; Lived Here 29 Years

Gordon J. Stewart, 70 years old, for twenty-nine years a resident of Antioch, died Saturday after a few days illness. Burial services conducted by the Rev. Philip T. Bohl, were held at the Hillside cemetery, Tuesday morning at 10 o'clock.

Mr. Stewart is survived by his wife, five sons, James and Frank of Chicago, Gordon, Jr., of Hartford, Conn., and William and Adolph of Antioch, and several grandchildren.

Mr. Stewart was born in Dublin, Ireland, coming to this country when he was 18 years old. Before coming to Antioch he resided for a number of years in Chicago where he was a painter and decorator. He was a member of the Painter and Decorators' Union, Local No. 184.

The Stewart home is on Lake Catherine where Mr. Stewart built when he first came here to live. The funeral was attended by all the sons with the exception of Gordon Stewart, Jr., and a number of friends from Chicago.

## Legion Advocates Daylight Saving Time

Antioch's American Legion Post No. 748, came out definitely for daylight saving time, recently believing that since Chicago and many of its suburbs have adopted the daylight saving time, Antioch will be greatly handicapped in many of its activities because it has not adopted the schedule.

The resolution adopted by the Legion and read at the Village board meeting Tuesday night is printed below. No action was taken on the matter by the board.

At a meeting of the Antioch Legion Post No. 748, March 23, 1933, the following resolution was adopted:

Whereas, The Antioch Legion Post being a civic organization and one having the welfare of the community foremost in its program is of the opinion that the adoption of daylight saving time for the approaching summer months would be for the best interests of the citizens of Antioch and vicinity; and

Whereas, Antioch is in the great Metropolitan area surrounding Chicago and as our banks, our high school, several of our business concerns, farmers' organizations, farmers' meetings, milk deliveries enroute to Chicago, etc., conform wholly or in part to this change in time; and

Whereas, The year 1933 will bind our community still more closely to Chicago due to activities centered around the World's Fair; therefore, be it

Resolved, That the Antioch Legion Post does respectfully petition the trustees of the Village of Antioch to consider the advisability of passing an ordinance for the adoption of daylight saving time to conform to the ordinance adopted by Chicago and surrounding cities and villages and furthermore, be it

Resolved, That a copy of this resolution signed by the officers of our Post be published in the Antioch News and that a copy be transmitted to the village council with the request that the matter be given prompt and careful consideration.

## Smallpox Vaccination Advised by Dr. Beebe

Case Found at Hickory Corners; Scarlet Fever is Found in Antioch

A case of smallpox at Hickory Corners, a case of scarlet fever in Antioch and an epidemic of measles at Channel Lake have been reported to William A. Rosing, township health officer, this past week.

Dr. H. F. Beebe, village health officer, announced that there is no reason to become hysterical about the single cases of scarlet fever and small pox, but he cautioned all parents to have their children immunized, unless they have already been vaccinated. Dr. Beebe said it is impossible to judge whether smallpox will spread, since it is not known where the single case of contagion originated.

Smallpox at Hickory  
Myron Olcott of Hickory Corners was found to have smallpox after he had been ill a week. Mr. Olcott is a man, about 70 years old, who seldom is away from home, so it is not known how he became infected. No other cases have been reported.

The single case of scarlet fever in Antioch was discovered last week. Henry Lubbkeman of Antioch Grade school was discovered to have the disease and was sent home from school. Later on three different days, Dr. Beebe examined all children, but this morning it was announced from the office of Principal Ralph Clabaugh that no further cases were revealed in the examination.

## STATE FAILS TO PASS BEER LAWS BEFORE SALE OPENS

House Refuses to Agree on Horner's Plan for \$100 License Fee

Beer will flow in Illinois without regulation temporarily. After an all day battle, Wednesday the House failed to pass the Horner administration control measure and, unable to agree on a revised form, left the matter up in the air. Only a perfunctory legislative session was held today, so that the problem of regulation will not be tackled again until next Tuesday.

(Special to the Antioch News)  
Springfield, April 6—The Horner administration is faced this week with the task of getting its beer revenue bill through the legislature and into effect before Friday (April 7). Failure will mean the unrestricted sale next week of beer at a nickel a glass, or three pints for a quarter. The Horner tax bill will boost the price to ten cents a glass and about 15 cents a pint bottle. To put the tax bill into effect some time after the public got a taste of nickel beers would be regarded as political suicide.

Attorney General Kerner has publicly announced that, since Congress has ruled that 3.2 beer is non-intoxicating, the state should not try to license it, any more than it should license soda pop, coffee or tea. But Gov. Horner wants revenue, revenue, and more revenue. He also insists upon the political power that goes with state licenses.

Considerable revenue will have to be raised to pay for the state "snooper" who are expected to take the field under the Horner beer bill. The bill imposes a license on all brew made in the state for sale in the state and upon all beer imported into the state. Democratic leaders estimate that it will take from 200 to 500 "snoopers" to check up on the surreptitious makers and sellers of home brew at a quarter a quart and the railroad and truck imports from other states.

These "snoopers" can be covered up for a time by having the legislature appropriate a lump sum to the Director of Finance to handle beer tax collections until July 1. After that they will have to appear in the regular budget.

## Six To Be Chosen In School Elections Sat.

Six school officials will be elected in the three elections to be held in Antioch Saturday afternoon at the Dixie Jubilee School and Antioch Township Grade School and Antioch Township High School. Little interest has been evidenced in the election all candidates being unopposed and it is expected that a small vote will be cast.

At the high school, the polls will open at 1 o'clock for the election of a school trustee, D. H. Minto's term expiring this year. Mr. Minto was elected to the board of school trustees in 1930 and will be candidate to succeed himself Saturday. No opposition has been announced. The polls will close at 5 o'clock.

At the High School that same day, the polls will open at 1 o'clock for balloting on two members of the school board. Mrs. Lester Osmond and George E. White will be candidates for re-election in this election. Mrs. Osmond has served on the board less than a full three year term, having filled out her husband's term and on the board for several terms and has been elected president of the board for each year since 1927.

The polls at the grade school will open at 10 o'clock and remain open until 7 o'clock. S. E. Pollock member of the board for more than twelve years will be a candidate for re-election as president of the board. Mrs. Walter Selter and Mrs. Otto Klass are candidates to fill the vacancies on the board left by Mrs. Lester Crandall and Mrs. Adolph Pesat. The polls at the grade school will remain open until 7 o'clock.

## Negro Quintet to Give Church Concert Sunday

An Old Plantation Concert by the Dixie Jubilee Quintet from Chicago will be presented at the Methodist Church Sunday evening at 8 o'clock. The public is invited to hear these

of the children in the lower grades out of school. An examination of the children in Channel Lake school has been made, and Dr. Beebe reports that they have been thoroughly infected that they have practically every child who has not had the disease will have it within the next few weeks. Dr. Beebe gave as reason for the prevalence of disease at this time of year, the fact that children cannot be outside, but congregate inside groups where they readily infect one another.

## A PERENNIAL REMINDER

Spring rains bring up, along with the blades of the grass, the perennial reminder that our yards, our buildings and our vacant lots need to be cleaned up and preparations made to present a neat and attractive town. Piles of tin cans, ashes, and the unsightly objects which winter snows have covered, and which are now suddenly staring us in the face, making us feel a little down at the heel without being sure just why, should be cleared away.

A neat yard is viewed by your neighbors as a personal reflection of yourself. An untidy lawn is resented by every neighbor and is a material detriment to the town. Clear away the old stones and sticks which have accumulated, have the rubbish in the back yard carted away if you have let any accumulate, get your lawn in condition for the summer season.

If your lawn is new, stake it off to prevent it from being trampled before it has a good start. Paint up the window boxes and prepare them for sowing and transplanting. Make the most of what you have, and try to make your home and lawn as attractive as possible. A large expenditure of money isn't necessary. Remember, that outdoor exercise these days is good for your personal health as well as the appearance of your property.

## RETURN OF BEER

To-morrow beer will be back marking the first step in the overthrow of the Great American Experiment. That anything was gained from that experiment, the wets will deny, while the dries insist it wasn't given time. Just what prohibition did to us it will take historians of the future, who can obtain a comprehensive view of the situation from a distance, to record.

At any rate, legal beer is back again. And now the

chief worry and anxiety is whether at twenty cents a stein its popularity will withstand the competition of bootleg beverages at a lower price. Obviously beer drinkers are not going to buy legal beer merely for the pleasure of paying the local and state taxes attached, even though that form of patriotism would be highly commendable. However, for these many years, those who have a taste for beer have thirsted for the real, genuine beverage, and it is probable that they will satisfy that thirst now that the opportunity offers.

Anti-prohibitionists throughout the country have advised and asked that the celebrations tomorrow night, be quiet, fearing that the repeal of prohibition will be endangered by those who over-indulge in gin and whiskey before twelve o'clock when the sale of beer will open. Chicago hotels early this week, cancelled elaborate plans for a celebration that night. The most ardent wets are insisting that the return of beer be sane and sober, for if the experiment has taught us nothing else, it has brought home the lesson that intemperance will and can instill rigid prejudices against intoxicating liquors just as it did previous to the eighteenth amendment—just as it resulted in the repeal of that amendment.

## THE AKRON DISASTER

The country's great loss in the destruction of the Akron is not the loss of the navy's dirigible, but of the seventy-three officers and men who went down with her in the storm off Barnegat. As president Roosevelt has said:

"Ships can be replaced but the nation can ill afford to lose such men as Rear Admiral William A. Moffett and his shipmates, who died with him upholding to the end the finest traditions of the United States navy."

Public sympathy extends itself to the families of those men who thus perished in the line of duty. Within coming days, of course, the government will make its official inquiry into the tragedy.

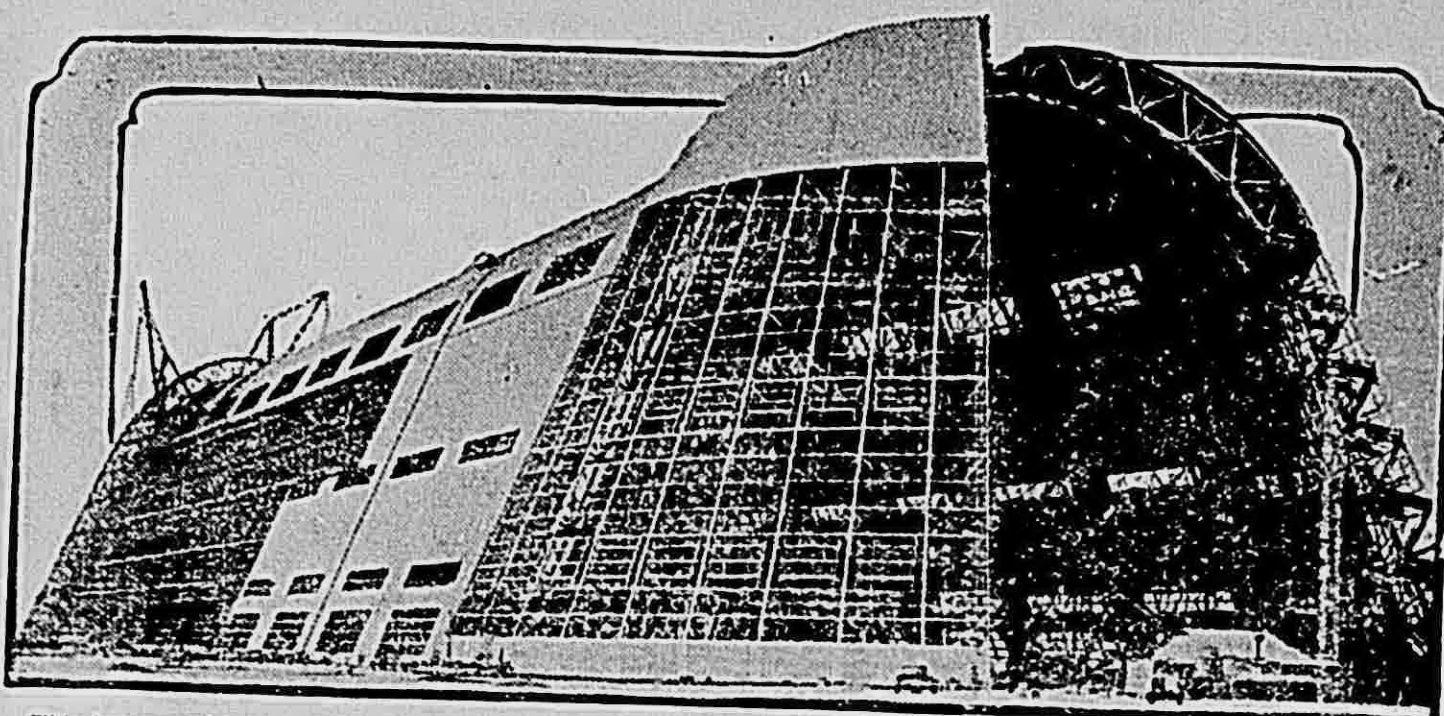

That inquiry must be thorough-going, to determine what the policy of the government shall be with respect to the expansion of lighter-than-air aviation. The history of dirigible navigation has been a history of tragedy. But experts like Admiral Moffett have devoted years to the endeavor, and, until the Akron inquiry is completed, judgment—both public and official—may well be suspended.—Chicago Herald and Examiner.

## German Sub Captain Honors Unknown Soldier

For the first time since the World war, a German naval officer paid tribute to the American dead of the war at the tomb of the Unknown Soldier at Arlington, when Capt. Erwin Wassner, who was in command of a submarine flotilla during the war, placed a wreath before the marble shrine. Captain Wassner is in command of the cruiser Karlsruhe, now in American waters on a world training cruise.

## Will Be Second Largest Hangar in World

This hangar, the second largest in the world, is nearing completion at the dirigible base in Sunnyvale, Calif. The structure, exceeded in size by only the Akron hangar, is 1,125 feet long, 310 feet wide and 198 feet high. The total cost will be about \$5,000,000.

## Miss Perry Surprised With Birthday Celebration at Her Home

Mr. and Mrs. Ed Stream entertained the following relatives: Dr. and Mrs. A. G. Stream, Mrs. Theodore Bednerek and sons, Walter, Theodore and Robert, also a daughter, Miss Cecelia Bednerek, and daughter-in-law, Mrs. Henry Bednerek, all from Chicago, at a Christening dinner at their home, Sunday, in honor of their infant daughter, who was christened "Edna Mae" at St. Peter's Church in Antioch at 1:30 o'clock in the afternoon. The godparents were Mrs. Henry Bednerek and Walter Bednerek.

Miss Sarah Perry was pleasantly surprised at her home last Friday evening, the occasion being her sixteenth birthday. About twenty-five of her young friends were present.

George and Leo Thompson drove to Chicago last Wednesday for the day. Mr. and Mrs. Will Heydecker of Waukegan visited at the John Crawford home, Wednesday.

Mr. and Mrs. Ray Harmer and children and Mr. and Mrs. Richard Bray and Doris, also Miss Margaret Cook of Waukegan spent Sunday afternoon and evening with Mr. and Mrs. Chris Cook and helped them celebrate their thirty-fifth wedding anniversary.

Mr. and Mrs. George Erb of Minneapolis, Minn., visited at the A. T. Savage home one day last week.

Mr. and Mrs. O. L. Hollenbeck received word last week that their son, Harmon Hollenbeck, underwent an appendicitis operation at the American Hospital in Chicago last Monday. He is getting along nicely.

Mr. and Mrs. Emmet King entertained Rev. Holden over Sunday.

Mr. and Mrs. Clarence Crawford and daughter, Lucille, of Waukegan, also Mrs. Ray of Gurnee, visited at J. Crawford's Sunday afternoon.

Mrs. Ray Bishop and daughter, Eloise, of Kenosha were supper guests at George Tillotson's, Saturday.

Miss Grace Tillotson, Mrs. H. A. Tillotson and Mariellen King drove to Kenosha Sunday afternoon and attended the Passion Play given at the M. E. Church by local talent.

Mr. and Mrs. G. R. Lantz of Chicago visited Sunday at Nels Neilson's.

Mr. and Mrs. William D. Thompson were Waukegan and Zion visitors Friday.

Mr. and Mrs. Hugo Gussasson entertained relatives from Chicago Sunday.

Don't forget the election at the school house Saturday evening, April 8th. Everyone interested come. Polls open from 8 to 9 o'clock.

## Photography

J. E. Schmitz has been called the "father of photography." He obtained photographic copies of writing in 1727. Investigations were later carried on by Samuel F. B. Morse, Joseph Niepce and Daguerre in France. The development of the modern rapid progress of photography was begun with the introduction of the dry collodion process by Scott Archer, 1831.

**Loewen Bräu**  
**New Life MALT TONIC**

THE United States Brewery stands right where it did fifty-eight years ago. It supplied fine beers to exclusive clubs, select hotels, conservative restaurants, distinguished homes. It became Chicago's quality brewery and is today the oldest operating brewery in Chicago. These fine old brews are here again—will be available to the public on and after April 7.

Many recall the clear, pale Rheingold flavored with imported hops—the slightly darker Savoy Special—and Loewen Bräu, the "Lion Brew," a special dark beer. And many who were frail now remember the return of health that came with New Life Malt Tonic.

Everything inside this famous brewery is bright and spotless. The brewery has been kept in order for the new day. Our facilities and equipment for properly aging beer are strictly modern, which insures the finest quality—QUALITY BEER MADE OUR REPUTATION.

A famous brewmaster is making right

now the grand old BEERS our parents loved—Rheingold, Savoy Special, Loewen Bräu and New Life Malt Tonic with its old time strength and vigor.

We will not compromise with QUALITY. We will not hurry our brews. Proper aging is back of every one of our products. For QUALITY is our watchword.

The demand for good beer is so great that we predict a shortage very soon. This shortage will last until beer that is being made now can properly age. During the shortage there will probably be inferior beer on the market.

Because of the demand for our products we know that we will shortly be oversold . . . But our customers have our unqualified pledge that no inferior or under-aged beer will ever be sold by this company.

On and after April 7 you will find our four famous beers in exclusive clubs, the better hotels, the finer restaurants and in the best of homes. Ask for our brands and be sure of the real thing.

Where do you get more  
Comfort or Convenience?

Electricity is a busy servant. It sweeps carpets, washes and irons clothes, helps with the cooking. It's on the job day and night with no afternoons off.

Electricity is an iceman. It keeps a refrigerator safely chilled below the danger point. It delivers ice cubes.

Electricity is a master entertainer. It brings the finest opera and comedy, dance music and the news of the world into the living room.

Electricity is a light-maker and an interior decorator. It illuminates dimly or brightly, according to the mood—one room or a whole house, according to the occasion.

Electricity is a seamstress, a janitor, a personal maid, a nurse.

In half a score of roles, electricity is making your home more cheerful, more comfortable, more carefree. Plug in an extension cord or snap a switch and it's ready to answer orders.

Behind these outlets and switches is a complicated system of service. Tons of crushed coal are fed into furnaces to keep boilers steaming. Machinery is humming. Men are constantly on watch. Out along the lines more men are on duty to keep miles of copper wire, buried underground and swinging overhead, pulsing with current every minute. More than 3,000 employees are working throughout this system to bring you continuous 24-hour service.

And yet, for all this service, you pay very little. The bill for all the electricity used amounts to only a small portion of the family budget. Where else could you possibly get more comfort and convenience?

## Miss Wilson Chosen Business Woman's Head

Miss Ayleen Wilson was elected to head the Business Women's Club at the meeting held last Monday night at the home of Mrs. Maude Sabin. Miss Wilson will succeed Miss Cornelia Roberts who was the club's first president. Mrs. Roger Dardenne was elected vice president, Miss Mildred Hulik, treasurer, and Mrs. Helen Nelson, secretary.

Officers who served this past year with Miss Roberts were Miss Isabelle Harwood, vice president, Miss Hilma Rosing, secretary, and Miss Grace Drom, treasurer. Report of a student loan made recently was given at this meeting.

Following the election of officers the winning ticket sales team for the benefit lecture of last month was entertained by the losing side at a bridge party. High scores were won by Miss Eleanor Meyer, Miss Helen Curran, Miss Isabelle Harwood, and Mrs. Helen Nelson.

A two course lunch was served later in the evening by Mrs. Ruby Richey, Mrs. Maude Sabin, Mrs. Charles Lux and Miss Mildred Byrnes. The next meeting will be held the first Monday in May.

**WOMAN'S CLUB HEARS SOCIAL WORKER SPEAK**  
Miss Rae Lawton talked interestingly Monday afternoon to the Woman's Club on her work as a director of the Northwestern University Settlement House in Chicago. Miss Lawton discussed the cases which come to the attention of the community service department of which she is in charge and described the activities of the settlement along the line of re-organizations and athletics. Her talk was considered by the audience one of the highlights of the Woman's Club programs this year.

Hostesses in charge of the meeting which was held at the Moose Hall were Mrs. Fred Swanson, Mrs. Walter Chinn and Mrs. Nason Sibley. The committee appointed to nominate candidates for the election to be held in May was as follows: Mrs. Lester Osmond, Chairman; Mrs. Charles Powles, Mrs. William A. Rosing; Mrs. Tom McGreal; Mrs. W. C. Petty; and Mrs. Elmer Brook.

**MARIE WILLIS MARRIES GRAYSLAKE MAN TUESDAY**  
Miss Marie Willis of Antioch was united in marriage with Albert Sorenson of Grayslake Tuesday evening at the home of the bride's parents, J. C. James, police magistrate, officiated. Later in the evening the couple celebrated their marriage.

**NEIGHBORS TO INITIATE AT TUESDAY MEETING**  
A candidate will be initiated at the meeting of the Royal Neighbors to be held at the regular time next Tuesday evening. Refreshments will be served by Neighbors Mortenson, Folbrink and Klass.

**MISSES ROSING AND HARWOOD ENTERTAIN CLUB**  
Miss Hilma Rosing and Miss Isabelle Harwood entertained the Tuesday evening club at the William Rosing home. First prize was won by Miss Virginia Hachmeister, Mrs. Charles Lux won second prize and Miss Ayleen Wilson third prize.

**CROWD ATTEND INSURANCE DANCE AT GUILD HALL**  
A large crowd attended the Fidelity Life Insurance Association dance held last Thursday night at the Guild Hall. Prizes were won at cards by Mr. Miller and A. Lubkeman and Agnes Hill and Mrs. Ernest Clarke. More dances will be given in the future.

**MRS. SOMERVILLE ENTERTAINS BRIDGE CLUB TUESDAY**  
Mrs. Mollie Somerville was hostess to the Tuesday afternoon bridge club this week at her home. High scores prizes were won by Mrs. Clarence Shultis and Mrs. Evan Kaye.

**Miss Hyman of Chicago Will Address P-T-A Meet**  
Miss Beatrice Hyman, principal of Stone School, Chicago, will speak at the Parent-Teacher Association meeting to be held Monday night at the Grade School. Miss Hyman spoke last fall at the District Parent-Teacher meeting and has addressed a number of similar groups along the North Shore. She is speaking at a Highland Park meeting to-night. The subject of her talk has not been announced.

Another feature of the program will be musical selections played by the Antioch band under the direction of S. E. Pollock.

**Merchants Absorbing Tax on Articles Below 10 Cents**  
Collection of the sales tax started last Saturday in Antioch with all merchants adding the tax to the prices of their goods. Most Antioch merchants are absorbing the tax on articles under ten cents themselves adding one cent to every article priced at eleven cents or more, two cents to articles selling for thirty-three or more, and three cents to those selling for sixty-seven cents to one dollar. A number of merchants state that they find it will be less difficult to keep records than they had thought.

**CHRISTIAN SCIENCE CHURCHES**  
"Unreality" was the subject of the Lesson-Sermon in the Churches of Christ, Scientist, on Sunday, April 2. The Golden Text was, "Thus saith the Lord, What iniquity have your fathers found in me, that they are gone far from me, and have walked after vanity, and are become vain?" (Jeremiah 2:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The earth mourneth and fadeth away, the world languisheth and fadeth away, the haughty people of the earth do languish. The earth also is defiled under the inhabitants thereof; because they have transgressed the laws, changed the ordinance, broken the everlasting covenant." (Isaiah 24:4, 5).

The Lesson-Sermon also included the following passages from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Everything good or worthy, God made. Whatever is valueless or baneful, He did not make—hence its unreality." (p. 525).

## Six Books for April Received by Library

A bibliography is the Literary Guild selection for adults received by the Antioch Public Library this month, according to Miss Mary Stanley, librarian. The book is "The Border Captain" by Marquis James who wrote "The Raven" a Pulitzer prize biography of General Sam Houston. The Border Captain is the story of the life of General Andrew Jackson and gives many new lights on his deeds, his racing stable, his wife and his distillery. The information in the biography is pronounced authentic.

Five Junior books are received for this month. For the primary group, there is "Rommel and Puzell," a German picture book translated for American children and "In the Mouse's House" which is also filled with colorful pictures. For the intermediate group there is "The Carpenter's Tool Chest" which is full of information for children who like to ask questions. It traces the development of tools from the primitive axe to the present day electric drills.

"Jo Ann Tomboy" is the story selected for junior girls and "The Enchanted Jungle" the book for older boys. The latter book is the story of true experiences in the heart of the Ecuador jungle.

"From Day to Day" by Ferdinand Goetel, a Pole, is a book received recently by the library in substitution for a Literary Guild selection which was returned. All the books mentioned are now in circulation at the library.

## Girl Scout News

Written by Bernice Sherman  
At the meeting Monday evening we played a Chinese Girl Scout game for our contest. There were five girls out of each patrol who stood in a circle and each girl had a domino. The domino was handed around the circle when Girl Scout was called the one having the blank domino called the name of her patrol. This gave her patrol a point. Bluebird won in the contest. Third standing are Lion first, Bluebird second, Nightingale third, and White Bear fourth. The play "Robinson Crusoe's Island" will be repeated by the Girl Scouts next Friday afternoon for the first, second and third grades.

Several members were absent from this meeting.

## Farm Home and Cottage Burn in Week-end Fires

Two calls were received by Antioch volunteer fire department last week-end. A fire which almost completely destroyed the Lewis Schlicht farm home at Lake Villa, broke out Saturday morning while the family was at breakfast. A defective chimney was reported as the cause of the fire by Fire Chief James Stearns. The house was valued at about \$2,000 and the damage was estimated at \$1,000. A few articles of furniture, taken out when the fire first started, were saved.

A fire at the George Bosch cottage on Sand Lake called the department out Sunday afternoon. The cottage was burned to the ground. Mr. Bosch who had been in the cottage a half hour before the fire started was on his way to Chicago when the cottage burned.

## La Plant and James Attend Woodman Meeting

Sol La Plant and J. C. James attended the county meeting of Modern Woodmen, held at Grayslake Wednesday afternoon. Delegates were elected from La Plant county to attend the state camp to be held in Chicago in May. Fred Morey of Waukegan and John Sherman of Grayslake were elected. Charles Whyte of Waukegan and J. C. James of Antioch, alternates. Twelve camps were represented. Lake County now has about 1200 Woodmen. Sol La Plant was the oldest man present, J. C. James being the oldest Woodman, having joined the order forty-five years ago.

## Miss Eyre to Be Hostess at Lake Villa Dance Sat.

At "The Georgian House" in a "Flowering Wilderness" "Ann Vickora" was caught in "Erie Water" by the "Walls of Gold." Her "Unfinished Symphony" of "Lost Laughter" was an "Imitation of Life."  
But with the "Eyes of Love" she saw the "Last Adam" through "The Hidden Door" to "The Bright Land." A "Broad Arrow" smote the "Cautious Amorist" and "A Marriage of Convenience" was arranged on "Promenade Deck."  
Now as "Anxious Days" are over "Mother and Four," "Peter Ashley," "Josephus" and "A Self Made Woman" issue an "Invitation to the Waltz" where a "Ballerina" brings you these volumes.

GRADE  
SCHOOL  
NOTES**"In School Days"**HIGH  
SCHOOL  
NOTES**Interesting Programs Given**

Several interesting assembly programs have been presented this week.

The members of Miss Smith's ancient history class were responsible for the assembly program on Monday morning. Sarah Perry and Jane Warriner discussed homes and gardens of ancient times and the present day. The current problems of then and now were presented by Howard Sherwood and Fowle Simpson. A comparison of crime and gangsters was given by Paul Richey and Crowley Phillips. Agnes Christensen and Ruth Wells read several selections of literature showing a marked contrast between present day literature and the ancient classics.

Bob Dickson, who is home for a short vacation from Dartmouth College, discussed college life at our Tuesday assembly. Dartmouth, which is situated on the Connecticut River at Hanover, New Hampshire, was started as an Indian school, and as a result, although very few Indians attend now, they are allowed to attend free. Bob stated that winter sports were stressed at Dartmouth, and that everyone turns out for them. As Dartmouth is surrounded by the White Mountains, skiing is the popular sport. Every year a winter sport carnival is held, and this is attended by many. Besides the winter sports, Bob discussed the subjects taught there, forms of recreation, and the pleasures of dormitory life.

**Beloit Man Talks**

Mr. James B. Gage, the Secretary of New Pupils of Beloit College visited the high school on Wednesday in order to give the Seniors an idea of what Beloit College is like, what it teaches, where it is, and how much it costs to attend. He told of a new plan which Beloit has put into effect this year, and a new plan which will be put into effect next year. This plan is made in order to give the students a lower price in room and board. In this plan the number of students in a room is doubled. Also a difference in quality and quantity of food is made.

Armand Dalggaard entertained on Wednesday with several songs on his harmonica, among which were the Washington Post March, The Prisoner's Song, and St. Louis Blues. He was accompanied by Mr. Von Holwede.

**WM. H. REGAN**  
JUSTICE OF THE PEACE

wishes to extend his thanks and appreciation to the voters of Antioch township who expressed their confidence in him by returning him to office Tuesday.

**Frank Mastne**  
Town Constable

I wish to express my hearty thanks for the splendid support I received from my friends in the election and pledge myself to a term of office which will justify their confidence in me.

**C. F. RICHARDS**

Re-elected Township Clerk

wishes to thank the voters who cast their votes for him in Tuesday's election, and who through returning him to office, expressed their full confidence in his manner of conducting his duties.

**Chicago Trip Weakens  
"No Shave" Club's Morale**

Because Spiro Kashevos, president of the High School "No Shave" club, had to go to Chicago last week-end, the morale of the club is considerably weakened, according to report. The "No Shave" Club was organized by a group of High School boys last week for the purpose of cultivating prize winning beards which were to be judged on their merits the night of the Junior Class play. The ordeal had only begun, when Spiro, head of the organization, had to shave for his trip to Chicago last Saturday.

Since that time most of the members have become discouraged and Delbert Sherwood is the only supporter of the cause who continues to evidence a coveting of hirsute glory. L. O. Bright, principal, says that he can not state whether all the others have shaved since the organization of the club, but at any rate, Delbert alone shows any suggestion of a beard.

**Maly Entered in Music  
and Literary Contest**

The High School Literary and Music Contest in which Ed Maly is entered from Antioch High School, may be postponed until a week from this coming Saturday according to information received by L. O. Bright, principal. The contest was to have been held Saturday at Dundee, Schools throughout the Northeastern Illinois area are competing. Antioch will enter only the violin music division of the contest.

**Prin. Bright Announces  
Important School Dates**

Two important dates in May for High School students were announced this week by L. O. Bright, principal. May 15, the conference Music Festival will be held at Bensenville. May 20, the Junior Prom will be given. The prom will be a banquet-dance.

Ruth Poulsen, who has been quarantined for the past five weeks on account of the fact that her sisters were ill of scarlet fever, has now contracted the disease.

Evan Brown, musician and impersonator of the University of Wisconsin, will entertain high school students at an assembly next Tuesday.

**Elect

## Protect Your Children

Many children born in Germany during the worst years of the World War are today inferior physically and mentally to children born in more prosperous years. Will the same thing be true of the children of this present period in the United States. It will unless each mother sees to it that in economizing on her family's diet she economizes on the right things. Today's children have to go on living a long time with the bodies they are building now. It is imperative therefore that they have the foods that will supply them with the essential substances in the correct amounts.

Here, listed briefly, is an outline of the six known vitamins, their functions and the foods that supply them in the greatest amounts:

## Vitamin A (Anti-infective).

Prevents infections (especially of eyes and respiratory system).

Promotes growth and longevity.

Maintains health and vigor.

Promotes appetite and digestion.

Essential for normal reproduction.

Essential for normal reproduction.

Excellent sources are: Milk, cream, butter, cheese, egg yolk, alfalfa, broccoli, carrots, lettuce, spinach, tomato and watercress.

Good sources are: Artichokes, asparagus, cabbage, celery, chard, clover, yellow corn, kale, green peas, peppers, squash, string beans, yellow sweet potatoes, apricots, avocados, bananas, oranges, peaches, pineapple, prunes, liver, kidney, oysters.

## Vitamin B (Anti-neuritic).

Promotes the appetite and digestion.

Promotes growth by stimulating metabolic processes.

Protects the body from nerve diseases such as beriberi.

Required by the mother for normal reproduction and lactation.

Excellent sources are: Egg yolks, whole grain cereals such as wheat, corn, rice, oats, peas, wheat bran.

Good sources are: Asparagus, beans, cabbage, carrots, cauliflower, celery, collard, lettuce, onions, parsnips, potatoes, spinach, tomatoes, turnips, watercress, apples, bananas, cantaloupes, dates, grapes, grapefruit, lemon, nuts, oranges, peaches, pineapple, prunes, strawberries, cheese, fish, rice, kidneys, liver, milk, and raw oysters.

## Vitamin C (Anti-scurvy).

Protects the body from scurvy.

Required for proper metabolism of the bones.

Required for normal tooth formation and maintenance.

Excellent sources are: Lemons, oranges, cabbage, lettuce, onions, spinach,

Adelaide Spohn, Ph. D.

tomatoes, celery, rhubarb, turnips, peaches, pineapples, raspberries, strawberries, tangerines.

Good sources are: Milk, beans, beets, cooked cabbage, carrots, cauliflower, cucumbers, cooked peas, green peppers, potatoes, pumpkin, cooked spinach, sweet corn, turnip greens, watercress, apples, bananas, grapes, grape juice, grapefruit, pears, watermelon.

Vitamin D (Anti-rachitic).

Regulates the absorption and metabolism of the bone-forming elements—calcium and phosphorus.

Regulates the mineral metabolism of the bones and teeth.

Required by the pregnant mother to prevent rickets in the young.

Excellent sources are: Cod liver oil, egg yolk and salmon.

Good sources are: Butter, milk, clams and oysters.

Vitamin E (Anti-sterility).

Essential for normal reproductive function.

Excellent sources are: Wheat germ oil, lettuce, watercress.

Good sources are: Barley, beans, corn, molasses, oats, vegetable oils, peas, whole rice, whole wheat, and meat.

Vitamin G (Anti-pellagria).

Prevents pellagria.

Best sources are: Yeast, liver, kidney, lean meat, milk, eggs, salmon, beet greens, kale, potatoes, spinach, turnip greens, and watercress.

Good sources are: Bananas, beets, cabbage, carrots, lettuce, onions, tomatoes, turnips, wheat bran.

Fresh pasteurized milk is one of the foods rich in vitamins. It is an excellent source of vitamins A and G and a good source of vitamin B. It also contains some vitamin D. Because of the numerous vitamins found in milk it is called the foundation of the daily diet, as it protects against disease and helps to promote good health.

## WILMOT PATRONS' CLUB HEARS TALK ON ITALY

## Ruderich Funeral Held at Home Saturday Afternoon

The Patrons Club was held at the gymnasium Wednesday evening. A one act play, "In the Spring a Young Man's Fancy," was ably performed by members from the Girls' Dramatic Club. Miss Ruth Thomas gave an interesting talk on her experiences in Italy.

## CHOOSING FOODS WISELY

By ADELAIDE SPOHN, Ph. D.

Nutritionist of the Elizabeth McCormick Memorial Fund and Director  
of Nutrition Service, Illinois Emergency Relief Commission.Pleasant Use of Pictures Is  
Illustrated in An Antioch Home

Pictures are articles of household decoration which are often carefully chosen and considered only objects to cover wall space. If you would increase the beauty of your home, choose the pictures with attention to their intrinsic value outside their mere coloring and superficial appeal to the eye. An illustration of the value of pictures in giving rooms personality and individuality is to be found in Antioch at the home of Mrs. Maude Sabin. Mrs. Sabin, whose artistry of taste has distinguished her collection of dishes, has chosen pictures which are so interesting as to be an atmosphere.

Pictures in her house have been selected by a more exacting rule than which requires merely that they satisfy the standard of conventional taste. Her pictures suggest relations and moods and places of the past.

One of her most interesting pictures is a scene which has a very definite appeal for Mrs. Sabin herself. It is a colored photograph of the cherry trees in bloom along the Potomac River with the Washington monument in the background. Mrs. Sabin was fortunate enough one year to be in Washington to see the trees in bloom, and undoubtedly this picture linked with the memory brings her daily pleasure.

A Wallace Nutting scene which is always a light bright touch in any home, is another interesting note on Mrs. Sabin's walls. Pictures like the Wallace Nuttings, framed with ample white mountings are always interesting in dark rooms. The Wallace Nutting pictures are colored scenes of country life and marked by their richness of color and subject. Any room which is somber and needs a note of light will be improved by one of these pictures.

Perhaps what has made Mrs. Sabin's collection most interesting is the unconventionalality which is shown in the

been used in their selection and the which has been an ingenious grouping example, in her living room are hung two colored French prints. On an opposite wall hangs the Wallace Nutting which is in sharp contrast, with the scene standing out in bold relief in light colors rather than the rich tones of the prints which are indistinct. Yet there is nothing inharmonious in the two, and one feels that both express the personality of the person who has hung them there.

In this room there is also a small colored print of a poppy tree in blue green color which stresses the importance of small pictures in giving life and beauty to the walls of a home. The walls of Mrs. Sabin's home need but one glance to convince one that they are the walls of a home and not of a model house or a hotel.

1933 Fashions Offer  
Simple Touches for  
Freshening Wardrobe

## Pique Will Make New Costume of Suit; Checks Important

Giving your old dresses and suits a 1933 touch this year can be easily done with little expense, for the puff sleeves and linger's touches sponsored by this spring's fashions lend themselves readily to inexpensive remodeling of wardrobes.

If you have a last year's suit, suggestions for giving it that new look. If it is a tailored suit a shirtwaist blouse worn with a white pique ascot or one of the dashing checked ascots

will change it to a new costume. Gloves with pique cuffs are smart with this type of costume. If the suit is less tailored, one of the new large-sleeved organdy or taffeta blouses in fresh spring shades will make you feel that you have a new Easter costume. More than before sweaters, which more than before look hand-knit this year, will be a desirable alternative with either type of suit. If the suit is navy blue, and is tailored with lapels, you can increase its dash by making wide lapels of white pique ad sewing on over the old narrow lapels. Wide pique cuffs will also be good, and both are very new.

An odd skirt may be raised to the level of a clever and practical street costume by making an overblouse of whichever fabric is in the skirt, and making an ascot on the blouse of the same color as the skirt. A brown skirt with a brown and white checked blouse and a brown ascot would be very attractive. Similarly the costume could be created from a green, black or blue skirt.

Jackets are extremely popular this year and offer a range of suggestions for touching up an old frock. If you have a presentable street dress which you have grown tired of, find a wool fabric in a harmonizing material and fabric and make one of the loose raglan three quarter length coats.

Add a new note to a print dress by making one of the short fitted jackets with wide shoulders of a plain material. If you are young and slender and have a dancing frock in which you have lost interest don't overlook the striking pique "cadet jackets" with the exaggerated shoulders. If you are a small woman size, make it exactly hip length, straight around the bottom and with a more conservative sleeve. For the tall slender girl, the jacket may be cut off at a high waistline, with vest-like points in front and shorter in back. This type can also wear the square lapels very well, while on the smaller woman, the pointed, tapering lapels are better.

Don't overlook the plaid or checked

How do you file your recipes or are they scattered about in a half dozen notebooks and cookbooks where you have to hunt for half an hour before finding the recipe you want? That was the first question an efficient housewife asked a young bride who insisted that she found cooking a tiresome task.

She went on to explain that she had her recipes not only filed on cards in a box file, but she has them classified so that she can readily find suggestions for all dishes in a menu by turning to the file. Her salads are grouped together so that when she has ideas for a salad, she has only to turn to that classification and she has dozens of suggestions.

Another clever woman has added menus and combinations of dishes which have been especially liked by her family and when she runs out of ideas for the day's meals she turns to these. It's the simple things in keeping house which simplify the task which at times seem tiresome. Efficiency will lighten the housewife's burden just as it lightens the burden in an office.

## ADJUDICATION NOTICE

PUBLIC NOTICE is hereby given that the Subscriber Administratrix with Will annexed of the Last Will and Testament of Sarah Hunter deceased will attend the Probate Court of Lake County, at a term thereof to be holden at the Court House in Waukegan, in said County, on the first Monday of June next, 1933, when and against said estate are notified and requested to present the same to said Court for adjudication.

BEATRICE M. DUFFY,

Administratrix with Will annexed, Waukegan, Ill., March 31st, 1933. Runyard & Behanna, Attorneys for the Administratrix with the will annexed.

As an opportunity for brightening last year's dark spring dress. And in adding to your wardrobe, don't overlook the possibilities of one of the smart pinstripe, shirtwaist dresses. In seersucker these are particularly practical, attractive, and smart.

Professor Piccard Plans New Flight Into Stratosphere  
From Soldier Field at A Century of Progress Exposition

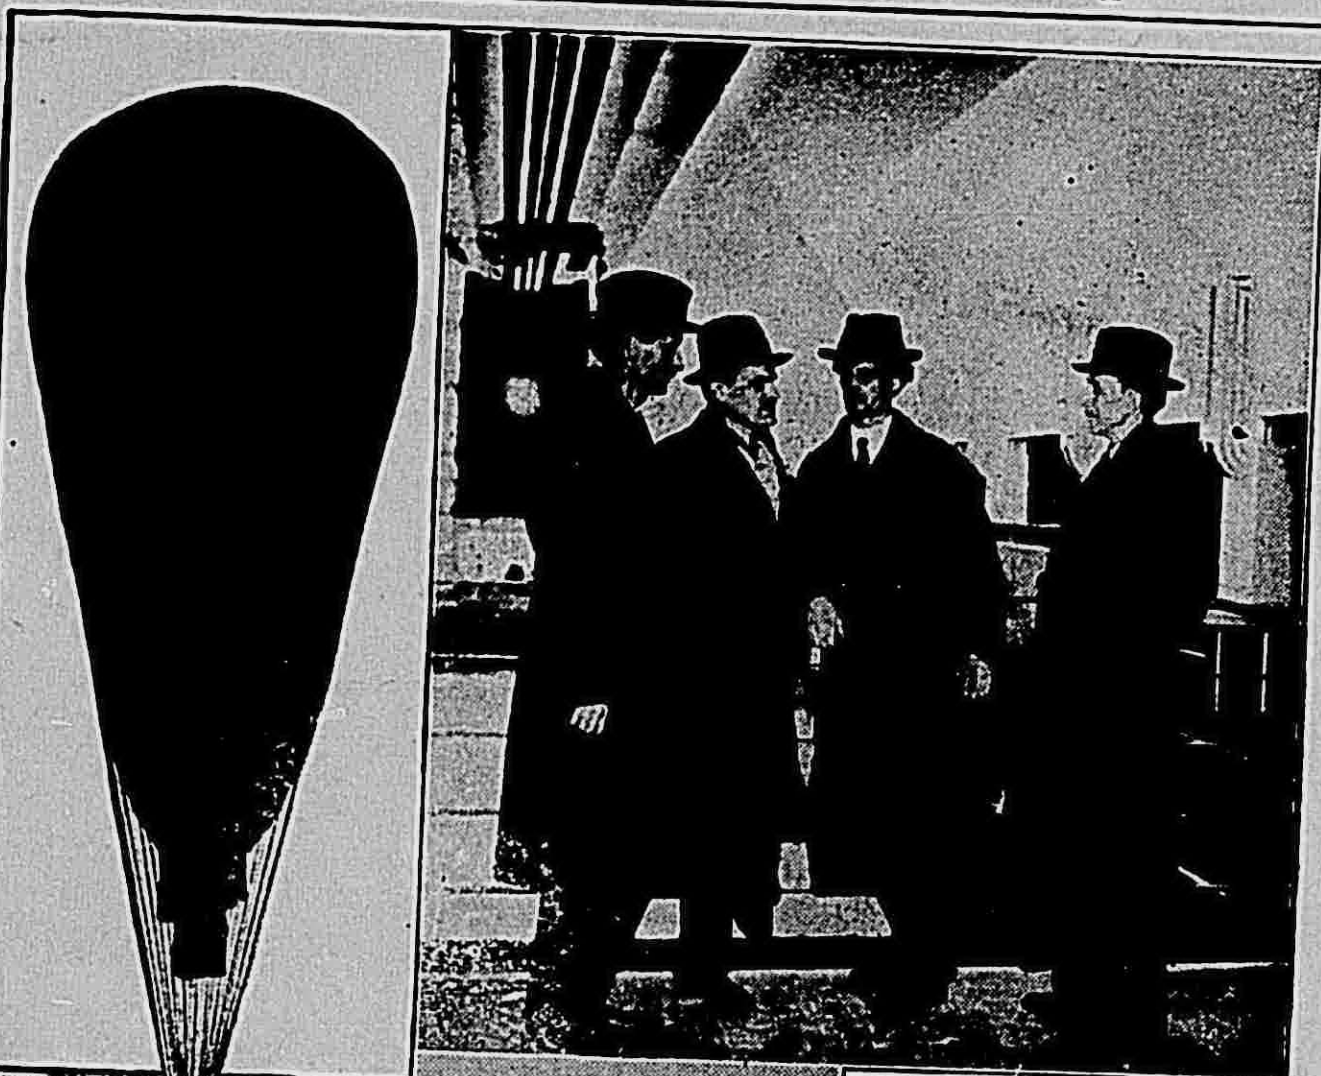

Chicago, April 6.—Last summer Professor August Piccard captured the world's imagination by soaring 53,556 feet above the earth into the stratosphere—in a hermetically-sealed aluminum sphere. He reached the greatest height ever attained by any living being and brought back a startling description of the strange world that lies beyond our atmosphere.

Because the ascent was made from the Dübendorf aerodrome near Zurich, Switzerland, only a few thousand people witnessed this historic event.

This summer, however, when the daring Swiss scientist-adventurer makes his next expedition into the stratosphere, he will probably start from Soldier Field on the grounds of A Century of Progress—Chicago's 1933 World's Fair—in the presence of hundreds of thousands of spectators.

Discusses His Plans  
Plans to make the World's Fair, which opens on June 1, the starting point for his next scientific excursion were disclosed by Professor Piccard when he visited A Century of Progress recently with his brother, Jean, as guest of Prof. Henry Crew, chief of the Exposition's pure science division. Conferences are now being held with American rubber and metal manufacturers.

The balloon was actually photographed as it left the Dübendorf Aerodrome near Zurich last summer. Above, Professor Piccard (the third figure from the left) is discussing the proposed flight with his brother Jean (left), Prof. Arthur Compton and Prof. Henry Crew (right). They are standing in the balcony overlooking the great hall of the Hall of Science, where Prof. Piccard's stratosphere gondola is to be exhibited this summer.

Progress are a peculiarly fitting place for Professor Piccard to start because the Exposition itself is a huge demonstration of man's progress during the last century in scientific achievement—progress that Professor Piccard's new flight is admirably designed to dramatize.

In addition to this Chicago is the home of Professor Arthur Compton, winner of the Nobel prize for his discovery of the mysterious cosmic rays, which continuously bombard the earth from outer space and which may provide man with a new

source of energy after his present fuel resources are exhausted. It is the observation of these mysterious rays that is the object of Professor Piccard's flights into the stratosphere.

The tremendous, startling possibilities involved in a successful solution of sources of energy that can be transformed into heat and power may be grasped mentally, by Professor Piccard's illustration: "Calculations show that energy liberated from the modification of atoms contained in six drops of water would suffice to

light up a city for several hours."

Answers Queries

In making tentative plans for the flight, Professor Piccard replied to queries of those curious to know just what the upper region, 10 miles or so above Chicago, looks like.

"The sky is beautiful, ten miles up—a bluish purple—almost black—but not quite dark enough to see the stars."

The practical side of Professor Piccard's expeditions into the stratosphere has already been demonstrated, he points out. Stratospheres

are already being constructed in various countries on principles developed in the aluminum sphere used on his last voyage. A flight between New York and Paris will undoubtedly be made in from six to eight hours by use of this new plane, he predicts.

The aluminum gondola in which Professor Piccard soared above the earth at Zurich, August 18, 1932, will be seen by visitors to the Exposition in the Hall of Science. It is a globe about six feet in diameter, hermetically sealed, equipped with observation windows, parachutes and breathing apparatus.

### Coach Rasinske Enters Teams in Track Meets

### BOXING SHOW IN AUDITORIUM APR. 10

The members of the basketball team received their letters on Friday of last week, in a special meeting. At that time it was decided that a season captain for next year should not be selected. A new plan whereby a different captain will be selected before each game was decided upon. An honorary captain will then be selected at the close of the season.

In spite of the inclement weather conditions, a large number of boys have been out for track practice. Coach Rasinske has entered the team in the following meets: Inter-class

### Rosing Attends Shell Convention

William A. Rosing, distributor for the Shell Petroleum Corporation in Antioch, Ill., has just returned from Milwaukee where he attended an important meeting of all representatives of the company throughout this territory.

Norman Rosing and Frank Foley of Richmond and George Nielson of Fox Lake accompanied Mr. Rosing.

The purpose of the meeting was to acquaint Shell field representatives with a product of remarkable qualities that soon will be introduced to the motoring public in the biggest advertising campaign any oil company has ever undertaken, he asserted.

St. Louis officials of the Shell Petroleum Corporation addressed the meeting.

Newspapers, outdoor advertising, radio, direct mail, and other media, Mr. Rosing said, will be used in this extensive advertising campaign.

## Fox Lake-Ingleside Choristers to Give Easter Radio Program

### Community League Will Present Lenten Play Sunday

The Community choral society, composed of the choirs of the Ingleside and Fox Lake churches, will present their Easter cantata, "Bright Easter Morn," not only at the Community churches this year, but will render it at the Methodist Church of Waukegan on Palm Sunday evening and at the Grace Methodist church in Elgin on Good Friday evening, and over station WIBO in Chicago the Saturday before Easter between 4:00 and 5:00 P. M. The cantata will be given at the Ingleside Community church on Palm Sunday morning at 11:00 A. M., and at Fox Lake church on Easter Sunday evening at 7:30 P. M.

Mr. John Hodge, director of the Grant Community High School music department will direct the cantata this year. Mrs. A. Franzen is the accompanist. Mr. Elmer Gnadl is the president of the choral society and Dr. Art Highgate is the secretary. This robed society has been singing for four years giving Christmas and Easter cantatas in the community churches and in neighboring communities. Their selection to sing over the radio and the concerts in the churches of Waukegan and Elgin comes because of their high quality of music rendered.

### Community Church Announces Easter Services

1:30 P. M. Service at Fox Lake.  
7:30 P. M. Holy Communion, Fox Lake.

**Easter Day Services**  
Sunrise Service, by the Leagues of the Lake District, on Grand Avenue.  
10:00 A. M. Worship Service at Fox Lake.  
11:00 A. M. Worship Service at Ingleside.

An Easter offering is being asked for by the churches, to meet obligations on the current budgets for the year.

### Community Leagues Gives "His Cross" Next Sunday Evening

"His Cross," a Lenten play will be given by the Community League next Sunday evening at the Fox Lake Community church at 7:30 P. M. The play is laid in the home of the carpenter shop, where the cross of Christ was made. The characters of the play are Deborah, played by Lillian Kolmodine, Obed, played by Leroy Riggs, John, played by Edward Fritzsche, Rufus, played by Clifford Hansen, Elizabeth, played by LaVerne Jones, Joram, played by Paul Savage and Simon of Cyrene, by Harold Miller.

The play is one which brings out the Easter story in a very vivid and real manner. Obed, the maker of crosses for Rome is a follower of Christ and is sorrowful when he learns that his Master was crucified on the cross.

The League will join with other lake region leagues in a sunrise service on Easter Sunday morning, the service to be held on Grand Avenue, near the end of Fox Lake.

On Palm Sunday evening the play, "His Cross," will be given by the League at the Fox Lake church. This play is laid in a carpenter shop where the cross of Christ was made. The League will join with the other lake district leagues in a sunrise service on Easter Morning at a point north of Fox Lake.

## You ask --- "Why should a car be tightened?"

BECAUSE it not only eliminates those irritating squeaks and rattles, but the big thing is it makes your car last longer, holds down repair bills, and forestalls accidents. A good time to have your car tightened is right after we lubricate it.
